

Logo Usage Guide

The NOVAHAUS identity is a precise geometric N/H mark paired with a restrained wordmark. Use the supplied master files for every production application.

Primary master

Gold mark / black wordmark

Use on light, quiet backgrounds.

Approved Variants

Logo_Black.svg

Logo_White.svg

Logo_Gold.svg

Protection Zone

Keep a minimum clear space around the logo equal to the width of the inner vertical stem.

Do not place text, borders or competing marks inside the protection zone.

Never Distort

Do not stretch, rotate, outline, bevel, add glow, or apply unapproved gradients.

DO NOT STRETCH

DO NOT ROTATE

DO NOT GLOW

DO NOT OUTLINE

Where To Use It

Website

Horizontal_Logo.svg

Use the primary horizontal lockup on light surfaces.

Dark interface

Horizontal_White.svg

Use the white wordmark with the gold mark.

Avatar / favicon

Favicon.svg

Use the mark-only file at small sizes.

Print

Logo_Master.svg

Use vector masters for cards and letterheads.
